

Inventive Ideas that Work . . .

Starter Kit

- GKL Products now has **friction fit** "Snap-In" bridges.
- YES! SCREWS ARE OPTIONAL
- Installs in as little as 30 seconds.
- One "SNAP-IN" bridge fits all narrow door stiles.
- Use them for new lock installations or for repairing stripped out MS lock mounting screws on existing doors.
- SB1 Starter Kit includes 4 "Snap-In" bridges and 1 SK1 installation key.

Use our bridges for repairing the door stile and replacing the MS lock mounting screw when it's stripped out.

Use our **B15 bridges** when cutting in/installing an additional MS lock

SK1 Key

For a great demonstration of our revolutionary "Snap-In" bridge go to:
